GEBERIT BATHROOM COLLECTION

NEW PRODUCT EDITION 2019

DESIGN
MEETS
FUNCTION

Geberit is a European market leader in the field of sanitary products, providing outstanding added value in sanitary technology and bathroom products.

Geberit is a global ambassador for quality with sales offices in over 40 countries and 30 production sites worldwide, with headquarters in Rapperswil-Jona, Switzerland, where Caspar Melchior Albert Geberit founded the company in 1874.

Over 12,000 employees are committed to providing customers with innovative, sustainable and durable products of the highest quality. Geberit prides itself on its strong competence for innovation, enabled and supported by the Group's wide-ranging research and development activities. Customers can rest assured that new products meet their needs - not to mention the very highest quality standards.

In 2019 Geberit is introducing a range of new products that extend and enhance the Ceramics and AquaClean portfolio.

With the addition of the elegant myDay, maximum function of Smyle and beautifully clever AquaClean Sela we continue to explore the limitless possibilities when design meets function.

With almost 150 years of experience in the field of sanitary technology, we ensure that our products are not just beautiful to look at, but truly make life easier and more comfortable.

NEW

GEBERIT MYDAY

The designer range Geberit myDay impresses thanks to its soft, organic yet emotional shapes. This results in a natural feel-good aesthetic that provides a welcome break from the hustle and bustle of everyday life. However, myDay doesn't just boast good looks, it also has a lot to offer in terms of functions. Emotional shapes, relaxed look.

MIRROR
Geberit myDay mirror with indirect lighting.

BATHROOM FURNITURE
Geberit myDay bathroom furniture with a gently curved feel-good aesthetic.

WASHBASIN
Geberit myDay washbasins feature flowing, light shapes and are available in many different sizes – including as a countertop washbasin.

FLUSH PLATE
Geberit Sigma50.

TOILETS AND BIDETS
Geberit myDay toilet and bidet have a unique design featuring a combination of geometrically straight lines and characteristic curves.

KeraTect®

GEBERIT MYDAY WASHBASINS

Bathrooms that invite you to kick back and relax. With a unique design that incorporates flowing shapes, Geberit myDay brings a natural and elegant lightness to the bathroom.

A PERFECT WAY TO START THE DAY IN STYLE

Geberit myDay impresses thanks to its flowing, elegant shapes, creating an ambience of natural lightness. This is down to the unique design of the ceramic sanitary appliances, which incorporates soft curves and large radii. Standard washbasin sizes as well as a double and countertop washbasin offer a high degree of flexibility that caters for personal design preferences. The large-sized drain covers with high-quality chrome edging are practical and elegant.

FURNITURE WITH PRACTICAL FEATURES AND COMFORT-ENHANCING DETAILS

The bathroom furniture stands out thanks to the softly rounded edges on the fronts. The interior impresses with practical features and comfort-enhancing details such as antislip mats and internal LED lighting in the washbasin cabinets. Illuminated mirrors are available with antimist function as standard.

1 The integrated arrangement system allows bathroom accessories to be stored away and organised in next to no time. **2** A practical tall cabinet with four adjustable shelves and door organiser offers lots of storage space. **3** Washbasin cabinets in current trend colours fit perfectly with the smooth lines of the ceramic sanitary appliances in the myDay series. **4** An elegant solution with a lay-on washbasin. Generously sized shelf surface with glass cover.

GEBERIT MYDAY TOILETS AND BIDETS

HARMONY AND HYGIENE IN A PERFECT DESIGN

The wall-hung toilet from Geberit myDay fits in perfectly and is the ideal addition to the bathroom. The straight lines are also characteristically rounded here and offer a look that is both solid and delicate at the same time. The hidden wall fixing and the closed outer contour, the latter of which rounds off the understated design and is easy to clean, also contribute to the balanced overall appearance. The toilet seat combines with the toilet ceramic appliance in a stylish and sophisticated way and is optionally available with a soft-closing mechanism. The non-porous surface is completely smooth and therefore dirt-repellent and easy to clean. The bidet, whose design perfectly matches that of the toilet, is also a thing of beauty.

GEBERIT SMYLE

With its contemporary design and ornate lines, the Geberit Smyle bathroom series creates a relaxing and positive bathroom ambience and brings harmony and lightness into family and guest bathrooms. With a clear sense of order and efficient use of a room, Smyle achieves the highest level of convenience in the bathroom from any structural situation. **Subtle shapes, maximum function.**

FLUSH PLATE

The geometric clarity of the flush plate Sigma30 fits perfectly with Geberit Smyle.

TOILET

The Geberit Smyle WC ceramic is now fully shrouded, making it easy to clean.

BIDET

The Geberit Smyle bidet in the same look for bathrooms with a coherent design.

SHOWER SOLUTION
Geberit CleanLine20.

BATHROOM FURNITURE

Tall cabinets can be differently combined with both closed and open units.

MIRROR

Geberit Option mirror cabinets offer perfect light for the everyday bathroom routine.

WASHBASIN

Washbasins and matching washbasin cabinets are available in many different styles and sizes.

GEBERIT SMYLE WASHBASINS

LIGHTWEIGHT IN APPEARANCE, THE GEBERIT SMYLE SERIES STANDS OUT IN ANY MODERN BATHROOM

Sophisticated lines, harmonious shapes and narrow rims on the washbasins appear in exciting contrast to the generous shelf surfaces. Whether large or small, with or without a tap hole, in various widths; as a double washbasin or handrinse basin, Geberit Smyle offers ideal solutions for all requirements in modern bathrooms.

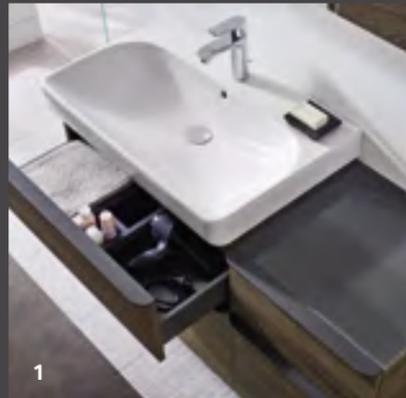

1 A spacious 120mm washbasin with a flowing basin design and slim rims. **2** An extensive bathroom furniture range with attractive surfaces. **3** Integrated lighting elements in the mirror help the washbasin area take centre stage.

GEBERIT SMYLE BATHROOM FURNITURE

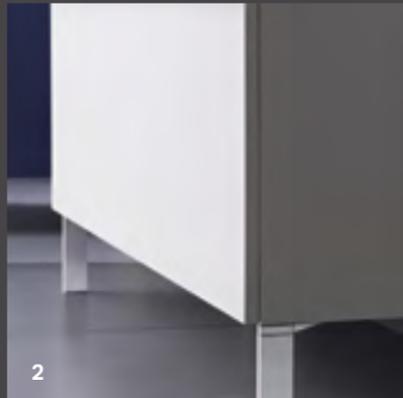

MORE DESIGN FREEDOM IN THE BATHROOM

As part of the facelift given to the Smyle bathroom series, Geberit adapted the furniture to the form and concept of the ceramic sanitary appliances. To achieve this, the furniture concept features thin washbasin contours. As is standard at Geberit, high-quality materials, coated surfaces and modular elements are used in order to achieve a high degree of flexibility. The washbasin cabinets, low cabinet, tall cabinet, shelf element and wall shelf with towel hook can be mixed and matched to create a wide range of furniture combinations that optimally use the space in the bathroom and meet diverse furnishing wishes.

Depending on requirements, open cabinets can also be combined with closed ones, for example. The furniture is equipped with several surprising and useful features. Additionally available drawer inserts give the storage space a clear structure. Glass shelves and an internal mirror give the tall cabinets a touch of premium class. Colour-adapted glass tops protect the shelf surfaces on the low cabinets. The integrated profile handles have the same colour as the fronts of the furniture, with their matt surface and ornate lines forming a subtle contrast.

Descaling function

Energy-saving function

Geberit App

GEBERIT AQUACLEAN

CLEANLINESS AT THE TOUCH OF A BUTTON

Geberit has spent the past 40 years continuously fine-tuning the shower function and spray - the centrepiece of any shower toilet - to absolute perfection. At the same time, we have invested in developing innovative technology and comfort functions, making our shower toilets the market leader. Depending on the model, a host of features make for a truly pampering experience.

www.geberit-aquaclean.co.uk

A GUIDING LIGHT DURING THE NIGHT

A discreet LED light for orientation at night is activated by the proximity sensor.

GENTLE INTIMATE HYGIENE

Gentle cleaning of sensitive intimate areas with pure water.

USER-ORIENTED

An in-built proximity sensor activates the water heating system, seat heating and orientation light on approach.

YOUR OWN PERSONAL WELL-BEING PROGRAMME

Specify and store your unique preferences for a truly personal pampering experience.

PRACTICAL AND EASY TO MAINTAIN

From the easily removable seat and lid to the automatic descaling programme, Geberit AquaClean shower toilets are specifically designed to be cleaned and maintained with minimal effort throughout their long service life.

RIMLESS CERAMIC PAN WITH TURBOFLUSH TECHNOLOGY

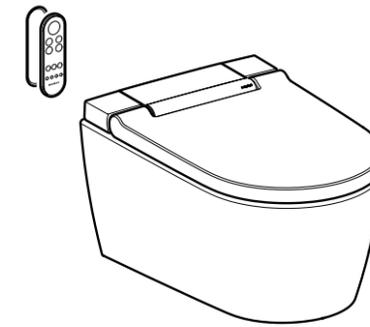

Turboflush technology ensures a flushing performance that is unrivalled rinsing cleaner and more economically than a normal flush - and is much quieter.

WHIRLSPRAY SHOWER TECHNOLOGY

Thanks to the patented Whirlspray technology, you can feel fresh and clean all day long. This is because the shower spray is enhanced with dynamic aeration for targeted and thorough cleaning with minimal water consumption.

FRESH AIR FOR EVERYONE

GEBERIT DUOFRESH

What is long since standard over every kitchen oven can now be applied in the bathroom. An effective way to get rid of unpleasant odours, the Geberit DuoFresh module removes the bad air directly from the toilet, purifies it using a ceramic honey comb filter, and then returns it to the room. This is extremely effective as it prevents unpleasant odours from spreading throughout the bathroom. Thanks to a proximity sensor, the odour extraction always switches on automatically, as soon as someone sits down. Benefit from additional comfort thanks to an LED orientation light and the insert for in-cistern sticks. The Geberit DuoFresh module can be easily installed in any Geberit Sigma cistern and can be combined with almost any flush plate from the Sigma Range.

EXAMPLE: GEBERIT DUOFRESH

ACCESSIBLE

The ceramic filter and insert for in-cistern blocks can be easily accessed via the flush plate.

EFFICIENT

The air is purified by the active carbon filter.

QUIET

A quiet fan conveys the purified air back into the room.

NEW

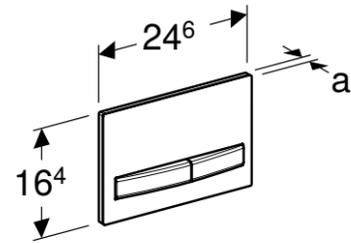

The new Sigma50 flush plate creates a modern elegant look. With eight colour variants as well as a version available for customisation, the Sigma50 is the finishing touch to any bathroom.

Key features:

- Eight colour variants
- Water saving dual flush actuation
- Surfaces made of glass, slate, plastic or metal
- Base unit of durable die-cast zinc
- Also available as a flush plate for urinals
- Frameless design
- Suitable for in-cistern stick
- Suitable for optional Geberit Duofresh module
- Version available for customisation
