

Vitra

Integra WCs

VitrA

We progressively invest in essentially human spaces - the bathrooms.

The complete bathroom

Exploring physical and emotional needs, VitrA invests in design to produce every essential element in the bathroom.

It's all about inspiration

It all begins with questions posed by the design discipline to understand needs, desires and choices. Designed by VitrA, an extraordinary wealth of attractive combinations help satisfy these needs and desires.

High powered perfection

Seven cutting-edge factories and plants in Turkey and Russia, create sophisticated designs and maintain extremely high standards, whilst progressively reducing VitrA's ecological footprint.

Collaboration with designers

VitrA works with acclaimed industrial designers from around the world. Not only does the collaboration with these top talents improve product functionality, but it also introduces an entirely original range.

VitrA across the world

Bathroom designs greet customers around the world through 2000 sales points in over 75 countries, including 150 exclusive VitrA showrooms in Istanbul, London, Cologne, Moscow, Dubai, Mumbai, Delhi, and other major cities.

Technology lights up the future

The VitrA Innovation Centre serves as the headquarters of the brand's R&D activities with a strong engineering team, leading the bathroom industry with new solutions and technologies.

Improved personal hygiene

VitrA's continuous research into human health introduces new technologies for improved hygiene in the bathroom. These solutions raise the personal hygiene experience to a new level.

A pledge to the future

VitrA embraces Blue Life, a set of guidelines devised to mitigate our impact on the environment, and is held as a production, design and management philosophy.

WCs

A perfect fit

Integra WCs are a perfect match for your bathroom with round and square forms.

Rimless WC that leaves no room for dirt

• —

The Vitra Rim-ex system flushes every part of the Vitra wall-hung WC bowl, leaving bacteria nowhere to hide. Free of the channels that can harbour harmful bacteria and microorganisms, the Vitra Rim-ex toilet is easier to clean and 95% more hygienic than standard pans. The triple-nozzle diverter and the smooth curvature of the bowl give a thorough and 25% more hygienic flush each time.

Channel-free WC bowl

Standard WC bowl with a channel

Ion-rich technology that inhibits the growth of harmful bacteria

• —

Vitra Hygiene, which coats all Vitra ceramicware, inhibits the growth of harmful bacteria by 99.9%. By disrupting the cellular structure of bacteria that cling to the surface during use, this proprietary glaze prevents them from proliferating into a colony.

Tests in accordance with the national and universal ISO 22196, JIS Z 2801, ASTM E 3031-15, and TSE 13420 protocols have verified the efficacy of Vitra Hygiene against gram negative (*Escherichia coli*) and gram positive (*Staphylococcus aureus*) strains.

The Vitra Hygiene glaze coats all external and internal surfaces prior to firing in a process that ensures lifetime Vitra Hygiene protection for Vitra ceramic sanitaryware even under the most intense usage conditions. Fewer chemicals and better hygiene with Vitra Hygiene.

Design that leaves no room for dirt

The concealed installation hides all mounting fixings and also eliminates areas where dust and dirt can build up, making the toilet easier to clean.

WC with concealed installation

WC with standard installation

Comfortable and hygienic seat technology

1- Extra hygienic seat

Thanks to its non-porous structure, Duroplast does not absorb chemicals and stops the growth of bacteria. For this reason, it is more hygienic and durable than plastic seats.

2- Easy-to-clean seat and lid

The screw-free fitting of the Quick Release Vitra WC Seat makes it easy to remove and refit after cleaning.

3- Soft-closing lid

Thanks to the special hinge, the seat closes slowly and silently, ensuring safe use.

Variety of shapes

Different combinations can be created with toilet seats that are compatible with Integra toilets.
